

## **Community Relations**

### **Soliciting Funds from and By School Personnel**

No employee of the Regional School District No. 14 Board of Education shall solicit funds from the general public or the business community without the express approval of his/her immediate superior, building principal or supervisor, and/or Superintendent of Schools. After such approval is given, all funds shall be deposited properly in the Student Activity Account, the internal accounts of the Board of Education or into the general account of the Board of Education.

### **Sales and Drives**

No person shall be allowed to sell or offer for sale within the schools or Board offices any articles or services to employees or students, or to solicit contributions or signatures of such person.

The schools shall not be used for the purpose of selling magazines, newspapers, seeds, pictures, lottery tickets, candy or for other sales promotion schemes. This also shall include the distribution of any handbills. Any variation of this rule should require approval of the Superintendent of Schools or designee.

Educational supplies are furnished free by the Board of Education. Teachers may permit students, however, to subscribe to newspapers and magazines with the approval of the Principal.

Any variation to this policy needs the specific approval of the Superintendent of Schools.

(cf. 1324 - Soliciting Funds from and by Students)

Policy adopted: January 4, 1993

REGIONAL SCHOOL DISTRICT NO. 14  
Bethlehem and Woodbury, Connecticut
