

Personnel -- Certified

Substitute Teachers

A substitute teacher shall be a person fully qualified to instruct in the District's schools, in accordance with applicable state laws and regulations, and who is employed for short periods of time in absence of the regular teacher.

Suitable programs for training, assigning, orienting and evaluating the work of substitute teachers shall be provided by the certified staff under the direction of the Superintendent of Schools.

Substitute teachers will be called from an approved list. The list of approved substitutes will be established by the Superintendent of Schools, subject to applicable certification, qualification and other legal requirements. However, should the District contract with a private agency to provide substitute teachers, the personnel utilized by the agency for District assignments must still meet such criteria established by the District, and all applicable legal requirements.
