EXAM EXEMPTION PRIVILEGE Juniors and Seniors earning a cumulative grade of ninety (90) or above AND having no more than 7 absences in a half year class or 14 in a full year class, may request to be exempted from taking that course's final exam. Request forms will be available online and in the school counseling office. If a student is exempt from a final exam, the course grade will be calculated with no exam grade. School initiated absences (i.e. field trips, athletics) will not count towards the limit for the exemption. Certain exams that are performance-based, may not be eligible for exemption.
