ON-CAMPUS RECRUITMENT

This policy applies to the treatment of all recruiters including commercial, non-military and military concerns, and recruiters representing institutions of higher education.

Release of Student's Personal Information to Recruiters

Upon a request made by military recruiters or an institution of higher education, the school district will provide access to secondary school students names, addresses, and telephone listings. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent (or prior written consent of the student, if the student has attained the age of majority). Parents and students will be notified annually of their right to file such a request.

Military Recruiters

All secondary schools in the district shall provide the same access to students, including directory information and on-campus recruiting opportunities, to representatives of the armed forces of the United States of America and state armed services as are provided generally to post secondary educational institutions, prospective employers of those students, nonmilitary recruiters or commercial concerns.

Regional and Inter-district Specialized Schools

The Board shall also provide full access for the recruitment of students by regional vocational technical schools, regional vocational agricultural centers, inter-district magnet schools, charter schools, and inter-district student attendance programs.

On-Campus Recruiting Activities

The school administration may determine when recruitment meetings will take place and reserves the right to deny a request to schedule such meetings at a time that will materially and substantially interfere with the proper and orderly operation of the school.

Any person or organization denied the rights accorded under this policy may make a request in writing to the Superintendent of Schools to investigate and review the decision. If the person or organization requesting the review disagrees with the decision of the Superintendent, such party may request a review by the Board of Education by filing a written request with the Chairperson of the Board of Education.
