

Instruction**Bring Your Own Device (B.Y.O.D.)****Use of Personal Technology on Campus**

Technology has changed the way we approach education as we prepare our students for future opportunities. We understand the many positive educational benefits of using technology in the classroom and importance of the integration of technology in our curriculum. In an effort to encourage our students and continue to develop their technology skills, students in the Region 14 Public Schools may use their own technology at school for educational purposes.

Definition of Personal Technology

For purposes of this policy, “personal technology” means a privately owned, wireless, and portable electronic hand-held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable internet devices, Personal Digital Assistants (PDAs), hand held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording and information transmitting/receiving/storing, etc.

Use of Technology for Instructional Purposes

Use of technology in school is a privilege which comes with great responsibility. Students will only be allowed to use their laptops, tablets, cell phones or other electronic devices for educational purposes at school. Checking personal email, socializing via texts or instant messages, or otherwise engaging in personal pursuits is prohibited during instructional time.

Internet Access on School Grounds

Only the internet gateway provided by the school may be accessed while on campus. Personal technology, including cell phones and cell network adapters are not permitted to be used to access outside internet sources at any time.

Compliance with other Board Policies

When participating in B.Y.O.D., students must adhere to the Student Code of Conduct, as well as all Board policies, particularly the Region 14 School District’s Acceptable Use Policy. This means that students who use their personal technology at school must abide by the established policies regarding acceptable use of the Internet, bullying, harassment, cheating, threats, student confidentiality, and other misconduct that violates school rules or causes a disruption of educational activities.

Additional Guidelines

- Teachers have the discretion to determine when students may use personal technology in the classroom. Students must immediately comply with their teachers' requests to shut down or put away personal technology.
- All personal technology must be in silent mode.
- Students may not use personal technology during any assessments or tests unless otherwise directed by school personnel.
- Students shall not transmit, post or otherwise publicly share photographs or videos that they have taken of any person on school grounds or in a school vehicle.

Security and Damages

Responsibility to keep a student's personal technology secure rests with the individual owner. The Region 14 School District, including its staff or employees, is not liable for any device stolen or damaged on campus. If a device is stolen or damaged, it will be handled through the administrative office in a manner similar to other personal property. It is recommended that students personalize their devices for easy identification and utilize protective cases.

The Region 14 School District Technology Department will not service any non-district owned technology, which includes troubleshooting, software or hardware issues. Students are responsible for securing their devices and making sure that they have up-to-date anti-virus software installed, if applicable.

Failure to Follow B.Y.O.D. Guidelines

Misuse of personal technology in violation of these guidelines may result in the loss of access privileges, a prohibition on the use or possession of personal technology on school grounds, or other disciplinary consequences up to and including suspension and expulsion.

B.Y.O.D. Agreement

In exchange for the privilege of using personal technology at school, we acknowledge and agree to each of the following:

1. The District’s policies on student conduct and Acceptable Use of the Internet apply to the use of personal technology. It is the student’s responsibility to abide by those policies when using personal technology on school grounds;
2. Only the Internet gateway provided by the school will be accessed on school grounds. The school’s network filters will be applied to the student’s connection and no attempts will be made to bypass the network restrictions by using personal access to the Internet;
3. There is no expectation of personal privacy in the use of personal technology at school. The District’s network administrators have the ability to identify users and monitor all B.Y.O.D. devices logged on to the network;
4. Personal technology may be searched by school personnel if there are reasonable grounds for suspecting that the search will turn up evidence that a student has violated or is violating either the law or the rules of the school;
5. The school district has the right to examine any device that is suspected of causing problems or was the source of an attack or virus infection;
6. Students must use good judgment when using the camera. The student agrees that the camera will not be used to take inappropriate, illicit or sexually explicit photographs or videos, nor will it be used to embarrass anyone in any way. Any use of the camera in bathrooms or changing rooms, regardless of intent, will be treated as a serious violation.
7. Use of the camera and microphone are strictly prohibited in the classroom and hallways unless permission is granted by a teacher.
8. Misuse of personal technology may result in the loss of access privileges, a prohibition on the use or possession of personal technology on school grounds, or other disciplinary consequences up to and including suspension and expulsion.

I/We understand and will abide by the above B.Y.O.D. guidelines. As the parent or guardian, I hereby consent to my child’s use of personal technology at school. I/We agree to hold the Region 14 School District harmless for any damages suffered by my child or me including those arising from unauthorized use, loss of data, and exposure to potentially harmful or inappropriate material arising from the use of personal technology at school.
