Dear Parents and Guardians,

We are notifying you to advise you that it was brought to our attention that one of our educational resources, Soundtrap, was recently breached by way of spam. Soundtrap is a digital music tool used by many educators throughout the world.

The breach was very minimal, impacting only three students in the Middle School. At no time were any students at risk. The manner in which Region 14 Schools uses Soundtrap did not disclose any personal information of teachers or students outside of a first initial and a number that is not identifiable. Our students do not have access to email in the middle school. Our I.T. department has blocked any access to the tool at this time.

Region 14 Schools treats the privacy of your students with the utmost priority.

Should you have any further questions regarding this situation, please feel free to contact me.

Sincerely,

Joseph A. Olzacki, Ed. D.
Superintendent of Schools
