Region 14 parents,

Did you know that the WBC Music Foundation has funded over \$120,000 since just 2005. We have funded programs for school age through senior citizens over the last 14 years.

Many think our money comes from grants or some wealthy person somewhere! That's somewhat true. But more often, our money comes from small donations from a lot of families in Woodbury and Bethlehem, just like you. They give \$10, \$25 or \$50 and it makes all the difference when we are asked to support some extra opportunity for students in particular. Over the last seven years we have contributed to the creation of the Region's String Program. If you recently attended the NHS production of "Into The Woods", you saw and heard the results of having accomplished string players as part of our school community. You should know the NHS is unique in using a student orchestra for their productions. We also provided a grant last year to fund the lights that enabled the players to see their music!

We hope this year you can help us add to the music opportunities for everyone in Woodbury and Bethlehem by making a donation to the Music Foundation during the Give Local campaign on April 23-24. You can get to our donor page directly at

<https://www.givelocalccf.org/organizations/wbcmf>

And if you are wondering what the value of a quality music program in our schools means to a student, I would like you to meet the Valedictorian, Salutatorian and Essayist for the senior class at Nonnewaug High School this year. Lindsey Ross-violinist, Phoebe Hale-flutist, and Rebecca Hibbard-cello.

Thank you for your support,

Bill Geddes
