

## May Student Council Initiatives

During the month of May student council will be sponsoring three initiatives to benefit our community as a whole. All three initiatives will run through the entire month of May.

First, student council is asking students bring in their broken or unusable crayons. These broken and unusable crayons will be sent to the Crayon Initiative where they will be melted down and used to create new crayons and donated to children's hospitals including our very own Connecticut Children's Medical Center. There will be collection boxes placed throughout the school.

Students have asked for a free library in which books can be traded. Mr. McCarthy our head custodian has built a bookcase to store this little free library which is housed in the Mitchell School gymnasium lobby. The idea is that students would need to leave a book to be able to take a book. If a student chooses to leave a book that book would be a donation. We are looking for a few good books to start up our library.

Finally, the student council has decided to have a pet supplies collection for a local animal shelter. We will be collecting goods for Companion Pet Rescue located on N. Georges Hill Road in Southbury.

The following is donation list provided by Companion Pet Rescue.
