The revised "Search and Seizure" policy will detail the district's ability to use both a breathalyzer and drug sniffing dogs when deemed appropriate and the conditions under which this would occur.
4:30 – 4:45	Criminal History Records Check	Bring copies of the Criminal History Records Check Policy.	Address the concern raised at a previous Board member re: if an employee has been finger printed in the last year and then comes to work in Region 14. Should they be re-finger printed?	Committee members recommend leaving this policy as it is presently written.
