

## Policy Committee Minutes

April 29, 2010

Present: Dr. Cronin, Scott Baider, Linda Bulvanoski, Deborah Corsico & Stephen Paluskas

Meeting was called to order at 4:00 pm

Reviewed the concerns raised by a board member regarding the language in the Drug and Alcohol Policy, 5136.6. Based on advice of counsel it was the committee's decision to make no further changes and bring the policy to the Board once again for approval.

The second item on the agenda was the issue of allowing corporations and local businesses to sponsor our sports teams. Dr. Cronin advised the committee that current policy allowed for that action and that he would research and put together possible regulations so that the Board could move forward and perhaps seek sponsorship from local businesses.

Meeting was adjourned at 4:30 pm.

Respectfully submitted,

Deborah A. Corsico

Chairman of Policy
